

March 2011

February left us with a little snow, but what a mild winter it has been! We are anxious to see if March will come in like a lion or out like a lamb. As we look forward to Spring we will learn about the changing weather, look for signs of Spring, and practice weather safety. It is inevitable that springtime will deliver a storm or two. We will focus on ways to find comfort during storms and practice tornado safety. We like to remind the children that daycare is a safe building. Storms can be quite scary for little ones, especially when away from mom and dad. Reassuring children that their school building is strong and safe gives them a sense of comfort.

We always look forward to the practical jokes of the Lyndon Play and Learn Center leprechaun on St. Patrick's day. On Friday, March 16th everyone should wear green for our St. Patty's day celebration. We will be dressed in green, eat some green foods, and maybe find some gold coins if we can capture a leprechaun!

We will wrap up March by learning about "life on the farm". We see farmers every day and are going to learn about the many jobs that they do, as well as, learn about what it is like to live on a farm. We will be having a visit from a real live farmer and a "big GREEN tractor" (Miss Jul's husband and Miss Jacy's daddy is a farmer).

Green will be our focus color this month. Ask your little one to find green items on trips to the store, when you're driving, or just playing at home. This helps reinforce what they are learning in preschool.

LPLC Parking

We want coming and going to be as easy as possible for the families we serve, which is why we are adding additional daycare parking spots. We hope this alleviates any parking lot congestion and makes running in and out easier for all.

Remember to only use the handicap parking spots if your vehicle is properly identified
